The author, a nurse practitioner based in an Emergency Department (ED), from here on in will be referred to as "the practitioner". The practitioner is currently employed in a development role with the view, following training, of becoming an acute care practitioner. This will entail working ...

Reflective Summary On Prescribing Practice Learning

Organizational analysis or more commonly Industrial analysis is the process of reviewing the development, work environment, personnel, and operation of a business or another type of association. This review is often performed in response to crisis, but may also be carried out as part of a demonstration project, in the process of taking a program to scale, or in the course of regular operations.

Organizational analysis - Wikipedia

What is Practitioner Enquiry? Practitioner enquiry, as defined by Menter et al (2011), is a 'finding out' or an investigation with a rationale and approach that can be explained or defended. The findings can then be shared so it becomes more than reflection or personal enquiry.
