Field Service Technicians- All Locations - Bolttech Mannings

Field service management (FSM) refers to the management of a company's resources employed at or en route to the property of clients, rather than on company property. Examples include locating vehicles, managing worker activity, scheduling and dispatching work, ensuring driver safety, and integrating the management of such activities with inventory, billing, accounting and other back-office systems.

Certification can be your ticket to a better career, as it represents the difference between someone who merely says they are a technician, and someone who really IS a technician. Many government and private organizations require certification as a qualification for their positions, so taking and passing one or more of the exams generally makes you more employable.
