A monastic garden was used by many and for multiple purposes. In many ways, gardening was the chief method of providing food for households, but also encompassed orchards, cemeteries and pleasure gardens, as well as medicinal and cultural uses. Gardening is the deliberate cultivation of plants herbs, fruits, flowers, or vegetables.. Furthermore, gardening was especially important in the ...

An allotment garden (British English), often called simply an allotment, or a "community garden" (North America), is a plot of land made available for individual, non-commercial gardening or growing food plants. Such plots are formed by subdividing a piece of land into a few or up to several hundred land parcels that are assigned to individuals or families.
